

PRODUCT AVAILABILITY

The following table details Thirmcos' range of standard products. Many of these are stocked, in depth, for prompt dispatch. A number of additional sizes, colours and specialist grades are available to compliment the range although these may be subject to minimum order and specific quotation.

We continually assess new raw materials and market trends. Please contact us if you have a requirement for a dimension not shown or a need for a particular workability characteristic not listed on the Product Information sheet, and we will try to assist.
